

June 6<sup>th</sup> 2007

To Whom It May Concern:

Rich Linn Corporation seeks to obtain a Special Use Permit/Beer and Wine license from the City of Las Vegas, Nevada.

As a family style-pizzeria restaurant, Mark Rich's New York Pizza and Pasta II, will seat approximately 60 guests, and serve in addition to pizza, a variety of sandwiches and other assorted Italian dishes. As the second store under Mark Rich's New York Pizza and Pasta, we hope to continue providing the Las Vegas community with a great place for food.

In addition to dine-in eating, guests will be able to call in a delivery order, or if they wish, place a counter take-out order. This accessibility will facilitate the ordering process for our customers.

In accordance with receiving a beer and wine license, the sale of beer and wine will be offered as a compliment to our food, for dine-in guests only. In conjunction with state laws, the sale of alcohol will be restricted to those guests eating within the premises, and will not be sold to take-out, or delivery guests. As a business dedicated to customer safety and satisfaction, all of our employees will be required to meet Nevada state standards regarding the handling and serving of all food and beverages. Ex. (Tam card, health card, Sheriff's card)

In conclusion, Mark Rich's New York Pizza and Pasta II will ensure that all precautions regarding the handling and sale of products be taken, in order to provide the city of Las Vegas with a safe, enjoyable place to take their families. As certain state laws and regulations may be amended through time, Mark Rich's New York Pizza and Pasta II will remain timely in full compliance of all regulations.

Sincerely,

Rich Linn Corporation
